Time to Prepare...for Back-to-School

Now is the time to start listing all of the back-to-school supplies and other necessary purchases that have to be made before the school starts in the fall. This includes garments needed to update school wardrobes, coats for the cooler weather, books, tablets and any other items that may be needed.

Kids may not want to think about returning to school yet, but early planning means you may be able to save money. Watch for sales and make sure to carry your back-to-school list when visiting various stores throughout the coming weeks. You never know when you might come across bargains for the items on your back-to-school list!

School Loan Special

Up to \$2500

Promotional interest rate not to exceed 16.5%

Reducing the Risks of Mobile Banking

Many believe mobile banking will become consumers' primary platform for financial services in the future. With the freedom and flexibility mobile devices offer, the use of mobile devices is on the rise and so is the risk of using them. Mobile devices, such as smartphones and tablets can be lost, stolen, infected with malware, or used for fraud. Use the following tips to safeguard your mobile devices.

- ◆ **Keep Mobile Devices Physically Secure**
- ◆ **Require Strong Authentication, Use Password Controls**
- ◆ **Enable Other Security Options**
- ◆ **Use Anti-malware Software on Mobile Devices**
- ◆ **Limit Software Apps**
- ◆ **Verify Software App Source**
- ◆ **Secure Mobile Communications**
- ◆ **Choose Secure Mobile Devices**
- ◆ **Erase Devices Before Ownership Transfer**

By taking appropriate steps to safeguard mobile devices against loss and mitigate user risks, you will be able to benefit from the incredible benefits that mobile devices can bring, including more secure mobile banking.
