Mad City Money

What is Mad City Money? It is a scholarship game designed to give young people a reality check on adult life. High school juniors and seniors are given occupations, salaries, spouses, children, student loan debt, credit cards, medical insurance payments and much more. During the game students are challenged to visit merchants and make decisions on housing, transportation, food, household necessities, clothing, day care, and other wants and needs while building a budget in futuristic Mad City. The program allows students to make mistakes, and suffer the consequences of their decisions. Just like life!

FCUCU was proud to be a part of the 2016 challenge held by Cardinal Credit Union. Teams throughout Cuyahoga, Lake and Summit counties competed for \$9000 in scholarship funds. There were no special skills needed or training necessary, but it helped to understand a basic budget.

Continue to support FCUCU as we support our youth. Open youth accounts and start teaching your children to save and budget. Look forward to FCUCU partnering and sponsoring more events for our youth real soon!

Financial Coaching

Faith Community United Credit Union now offers **One-on-One Financial Coaching**. You may have heard FCUCU was one of five credit unions selected nationally by the National Federation of Community Development Credit Unions and Neighborhood Trust Financial Partners to participate in "Pathways to Financial Empowerment", a pilot for a new model of counseling and outcome tracking for credit unions working in underserved communities. We know the importance of financial planning. Lives can be changed by making wise decisions. Our coaches can help you set and achieve realistic goals. This type of service can be very expensive, but ours is **free** for one year to members and non-members so tell a friend. Remember, time will run out soon for this service so stop by real soon! For more information call 216-271-7111 ext. 112.
