Manage Your Debt More Efficiently

Stop tossing and turning, and rest easy with a debt consolidation loan from FAITH. Why should you consider debt consolidation? When you make payments on more than one loan, you end up paying extra interest. Plus, it can be hard to prioritize which payments to make when your finances are tight. We will help you wrap all your debt into a single debt consolidation loan, and help you find the most favorable loan rate.

Here's how consolidating your debt can benefit your household:

- Pay less interest and save money
- Potentially lower your monthly payment
- Have just one easy payment to manage debt

Combining your loan and/or credit card balances and making fewer payments can even help you increase your credit score!
