Need A New Car? Need refinancing?

An automobile is a major investment. Just think about it—in the last ten years, have you bought anything that costs more than a car? A house or your kid’s education, maybe. Yet, unlike a house, a car is not going to appreciate in value; and unlike an education, an SUV is not going to increase your offspring’s earning potential.

A car is not an investment after all, because you are not going to receive a return on it. It is an expense, and the best you can do is to get the maximum use and pleasure from the money you spend. Getting the most out of your car is a matter of careful maintenance. Getting the most out of your money is a matter of getting a good price on the car and a good deal on the related financing.

Negotiating a good price on your car can be stressful, but arranging for a good deal on your loan might not have to be. When they think of car loans, most people think of banks and dealer financing—but your credit union may offer the best, most flexible terms and the fastest loan process that’s available to you:

- Before you go shopping, come to your credit union to get pre-approved for a loan. Pre-approval will mean you have one less thing to worry about when you find your dream vehicle.
- Your credit union maintains a network of car dealerships. Shopping within that network may give you a discounted price or a simplified purchase process. Get a list of participating dealers from our office.
- Your credit union offers auto loan rates that are probably lower than those that are offered by most banks and car dealerships in your area.
- Refinancing an existing auto loan could lower your rate and monthly payment, putting more money in your pocket—a good thing at any time, but especially in a troubled economy.

FEMA to Help Pay Funeral Costs for COVID-19 Related Deaths

In early April, FEMA will begin providing financial assistance for funeral expenses incurred after Jan. 20, 2020 for deaths related to coronavirus (COVID-19) to help ease some of the financial stress and burden caused by the pandemic. The policy was finalized today, and FEMA is now moving rapidly to implement this funeral assistance program nationwide.

"At FEMA, our mission is to help people before, during and after disasters," said Acting FEMA Administrator Bob Fenton. "The COVID-19 pandemic has caused immense grief for so many people. Although we cannot change what has happened, we affirm our commitment to help with funeral and burial expenses that many families did not anticipate."

To be eligible for COVID-19 funeral assistance, the policy states:

- The applicant must be a U.S. citizen, non-citizen national, or qualified alien who incurred funeral expenses after Jan. 20, 2020 for a death attributed to COVID-19.
- If multiple individuals contributed toward funeral expenses, they should apply under a single application as applicant and co-applicant. FEMA will also consider documentation from other individuals not listed as the applicant and co-applicant who have incurred funeral expenses as part of the registration for the deceased individual.
- An applicant may apply for multiple deceased individuals.
- The COVID-19-related death must have occurred in the United States, including the U.S. territories and the District of Columbia.
- This assistance is limited to a maximum financial amount of $9,000 per funeral and a maximum of $35,500 per application.
- Funeral assistance is intended to assist with expenses for funeral services and interment or cremation.

In the coming weeks, a dedicated 800 number will be established to help individuals who apply. In the meantime, potential applicants are encouraged to start gathering the following documentation:

- An official death certificate that attributes the death to COVID-19 and shows that the death occurred in the United States. The death certificate must indicate the death "may have been caused by" or "was likely the result of" COVID-19 or COVID-19-like symptoms. Similar phrases that indicate a high likelihood of COVID-19 are considered sufficient attribution.
- Funeral expense documents (receipts, funeral home contract, etc.) that include the applicant’s name, the deceased individual’s name, the amount of funeral expenses and dates the funeral expenses were incurred.
- Proof of funds received from other sources specifically for use toward funeral costs. Funeral assistance may not duplicate benefits received from burial or funeral insurance, financial assistance received from voluntary agencies, federal/state/local/tribal/territorial government programs or agencies, or other sources.
